

THE HIGH C

Compliant, analytical, melancholic, the "C"
Methodical, courteous, complete accuracy
Restrained, diplomatic, mature and precise
Accurate, systematic, those standards are nice.

Planning and organizing done to perfection
The smallest detail is no exception
Consistently clear and objective thinking
Gives the team top notch results without blinking.

And when it comes time to make a decision
You'd best have the facts to accomplish the mission
The C at your side with all the correct facts
Will assure the return on your investment won't lack.

Go by the book, follow the rules
Procedures are written, use the right tools
Standards are crucial, both now and later
In God we trust, all others bring DATA!
