

Dynamic Communication™

Increasing Communication Through Understanding Behaviors

The Dynamic Communication seminar will open your eyes to a new way of viewing others and yourself. Taking the time to understand the different behaviors of people is the key to effective communication. Discovering how to communicate more effectively will enable you to achieve the things you want, not only at work but also at life.

This Seminar Will Help You:

- Understand Yourself
- Recognize, Understand and Appreciate Others
- Adapt Your Style for Effective Communication

What Are Behaviors?

Our behaviors show “how” we act. Our behaviors were built from both nature and nurture. Research has shown that behavioral characteristics can be grouped together into four quadrants, or styles, which are referred to as DISC.

- Dominance
- Influence
- Steadiness
- Compliance

By attending the seminar you will have the opportunity to take your own DISC assessment and learn the universal language of behaviors.

WARNING:

The accuracy of your report may be followed by a moment of astonishment!
